WHO IS **REGGIE RICE?**

Magician **Reggie Rice** uses the art of illusion and comedy to teach the true power of the magic of laughter in our everyday lives. To do this the actor-comedian uses storytelling to take his audiences along on an adventure into his wild imagination.

From the time Rice could walk and talk, he has enjoyed entertaining and making people laugh. He performed in every chorus concert, school play, and talent show until the age of 19. It was then that he discovered his passion for magic-after meeting the award-winning Master Magician, Geovanni Livera. Through Livera, Reggie was introduced to the International Brotherhood of Magicians at their annual convention. It was there he met and was taught by some of the world's best magicians. It was this that prompted Reggie to make a career performing magic. From hundreds of Birthday parties to Large fairs and festivals and soon moving on to being paid top dollar doing Corporate events.

Reggie would soon become a three-time D.C. Comedian Magician of the Year. He has performed five times for First Lady Michelle Obama and opened for singer Jordin Sparks. He was featured on The Travel Channel and he began performing for hundreds of thousands of people all over the world, including Kevin Hart, Ryan Seacrest, and Shaquille O'Neal. Rice has even taken his act to the high seas as a cruise ship headliner. Reggie's foolish, energetic approach makes his show something that people of all ages have come to love as he continues to spread the magic of laughter!

His full 90-minute touring theatrical production, Fool of Illusions, features a unique combination of his own grand illusions, music, audience participation, amazing magic, and hilarious comedy has people calling him truly a one-of-a-kind entertainer.
